Student Corner- Examination Post-Stroke Part IV: Prognosis and Goal Setting

Join us for the Stroke SIG Student Corner Episode 5: Dr. Heather Hayes and DPT Student Cicely Fabiano - Examination Post Stroke - Prognosis and goal setting with KT report card.

Dr. Hayes and Ms. Fabiano continue the discussion about the patient in [episode 1](#). This discussion focuses on the use of outcome measures to guide prognosis and treatment.

For additional content related to the all the discussion above please visit the [Clinical Practice Guidelines: Core Outcome Measures for Adults with Neurologic Conditions](#). The [Knowledge Translation Report Card](#) is a great guide to help you and your patients.

Click on the link below to access the discussion.

May is Stroke Awareness Month
Help us promote the role of PT after stroke!

Thank you to ChoosePT for developing graphics and other resources to share with patients and families to promote the importance, and impact, of physical therapy after stroke. The graphics above are available to share (just right-click on the picture to save) or explore the resources linked below:

Physical Therapy Health Center on Stroke
<https://www.choosept.com/stroke>

The newly updated Physical Therapy Guide to Stroke (revised and published 4/26/2021)

<https://www.choosept.com/symptomsconditionsdetail/physical-therapy-guide-to-stroke>

The newly published research summary Did You Know article: Physical Therapy Lowers the Odds of Hospital Readmission and Death After Stroke

<https://www.choosept.com/didyouknow/detail/physical-therapy-lowers-odds-of-hospital-readmissi>

Members also can share and retweet these resources from APTA posts on ChoosePT Facebook and Twitter channels during the month of May to amplify our messaging.
